NL Association of Fire Services
Extrication Tools Application Form

The NL Association of Fire Services has acquired a complete set of passenger vehicle extrication tools (hydraulic pump, multiple hoses including electric powered hose reels, cutters, spreaders, and a ram). These tools are used “TNT Rescue” tools with a dual hose configuration. We will be donating these tools to a single department. Please fill out the application below.

Incomplete applications will not be accepted

(Please be advised that your fire department must be a member of the NL Association of Fire Services and be in good standing)
